

## Purpose of Survey

### Introduction

Welcome to the **second and final 2023/2024** Flu Vaccine Uptake Survey for **HOSPITAL-BASED** Health Care Workers.

HPSC has been monitoring the uptake of health care workers (HCWs) in hospitals since the 2011-2012 influenza season. For the **2023-2024** season, whole of season figures (From September 2023) should be returned by **Friday, 8th March 2024**.

The uptake target is 75%. Private hospitals (as well as section 38 and 39 agency operations) are also encouraged to submit data as well.

The survey should take no more than 5 minutes to complete, provided you have the relevant data to hand. For more information about this survey, please see a copy of survey protocol [here](#) or email Piaras O'Lorcain at HPSC, at [piaras.olorcain@hpsc.ie](mailto:piaras.olorcain@hpsc.ie). If for any reason you are unable to complete this survey online, please request a pdf version of the survey, complete it, scan the document and kindly return it by email to [piaras.olorcain@hpsc.ie](mailto:piaras.olorcain@hpsc.ie).

Many thanks in advance for completing this survey!

## Vaccination Details

### VACCINATION DETAILS

IMPORTANT NOTES PLEASE NOTE THAT IN ORDER TO SUCCESSFULLY UPLOAD THE CONTENTS OF THIS SURVEY ONLINE, DETAILS OF BOTH ELIGIBLE AND VACCINATED STAFF NUMBERS FOR ALL SIX HSE CATEGORIES OF STAFF WILL BE REQUIRED:

Management & Administration

Medical & Dental

Health & Social Care

Nursing

General Support

Other Patient & Client Care

For a complete list of job titles associated with each of the six HSE categories of staff, please [click here](#) and it will open in a new tab.

-When inserting details of eligible staff numbers, please use actual numbers of staff (not temporary or short term agency staff) and not whole time equivalent figures.

-NOTE: For each category of staff, the number of vaccinated staff CANNOT exceed the number of eligible staff.

-Staff working outside the hospital setting should not be included in the survey returns

#### EXPLANATORY NOTES -

Number eligible staff = Number of staff currently on payroll/headcount

-Health and Social Care Professionals e.g. Physiotherapists, Dieticians, Radiographers, Social Workers

-General Support staff e.g. Maintenance, Domestic Staff, Porters, Security, Radio, Technical Services

-Other Patient and Client Care e.g. Attendants/Aides, Care assistants

#### Other Vaccinated Staff

PLEASE ADD HERE NUMBER OF OTHER VACCINATED STAFF THAT ARE NOT ON HUMAN RESOURCES PAYROLL, INCLUDING STUDENTS

Note: Because students and short term agency staff for example, are not part of the perm staff payroll/headcount, they cannot be included in the calculation of the total percentage of the vaccine by HCWs in the hospital, because that will artificially inflate this value.
